

Innovation to Action

CANADIAN INNOVATION WEEK 2025

#CIW25 MAY 26 – 30

The Rideau Hall Foundation (RHF) invites you to join a nationwide celebration of innovation with **CANADIAN INNOVATION WEEK 2025 (CIW)**. From tech breakthroughs to grassroots projects, from climate change to reconciliation moving from innovation to action will create positive outcomes for everyone.

#CIW25

is about dreaming of new possibilities and the courage to act, adapt, and build a better future.

Ways to get involved in person and online:

Engage with CIW Theme Days

Celebrate innovations that address today's many challenges and solutions, here at home or on the global stage.

Share Stories of Trailblazing Innovators

From community initiatives to environmental solutions, CIW celebrates every form and phase of innovation.

Grow your Network

Host an in-person or virtual event as part of #CIW25.

Host a Panel Discussion, Awards Ceremony, or more.

Share your event using **#CIW25**.

The theme **"Innovation to Action"** reflects the transformative power of innovation. How new ideas can lead to meaningful change and celebrates Canada's unique innovation landscape, where diversity fuels creativity and collaboration fosters progress.

Monday – **Collaboration in action**

Turning big ideas into even bigger impact doesn't happen in isolation. This day celebrates the fact that when we work across sectors, when we reach beyond ourselves to build new networks and relationships, we're able to achieve so much more.

Tuesday – **Communities in action**

Big change often starts local. Today we celebrate grassroots initiatives, nonprofits, universities and colleges, communities and all the people that are solving problems through creativity and resilience.

Wednesday – **Youth in Action**

Young people are at the cutting edge of innovation. This day celebrates how young innovators, students, and problem solvers are leading the way with bold ideas.

Thursday – **Canada in Action**

Innovation creates lasting impact by shifting systems and reimagining the future. Today we celebrate Canadian changemakers and thought leaders who are creating big waves here at home and around the world.

Friday – **The Future in Action**

Innovation is all about possibilities. Today let's explore the future of innovation and tech. Futurists, thinkers, and innovators, we'll focus on what's next—whether it's in technology, policy, or culture.
